Email: pavelka@utexas.edu
Office phone: 512-471-8286
Lab phone: 512-471-8269 (Most likely to be here.)

Course Overview:
Practical, professional experience allowing the student to apply ideas and concepts from coursework in the School of Information. The course provides the opportunity to evaluate and discuss projects as they develop.

Objectives:
Strengthen professional skills
Strengthen presentation skills
Learn to use professional networks and collegial relations to the best advantage

Due dates:
Project proposal and letter of agreement: December 5, 2014
Project journal entries: January 29, February 12, February 26, March 12, March 26, April 9, April 23, May 7.
Electronic portfolio: May 1
School of Information Open House Poster Session: May 8
Completed evaluation by field supervisor: May 8

Project proposal and letter of agreement
These should have been submitted by the end of the fall semester. Any modifications to the project should be discussed with the course instructor.

Project journal entries
Students are required to keep and share a journal related to the project. You may elect to keep a companion journal that is not shared. Students are free to create a format suitable to the specific project. The content should include expectations, problems, solutions, successes, etc. The situations you encounter in this project are likely to be similar to what you will find in the workplace. The purpose of keeping this journal is to be able to recall the successes and problems encountered in this experience, perhaps somewhat objectively.

Students may read each others journal entries, although it is not required. Please keep in mind that this is a professional experience and the information will be shared with
colleagues. Therefore it's probably a good idea to keep away from vitriolic comments about your supervisor and the like.

**Class attendance**
The classroom sessions are designed to provide professional guidance and to give you an opportunity to discuss your projects with other students. If you are unable to attend a class session, you must let the instructor know at least 24 hours before the class session.

**Electronic portfolio**
Each student is required to be enrolled in INF 181E along with INF 388L. In that course you will create a website the displays your professional aims, interests and pursuits. One class session of INF 388L will be devoted to giving you instruction about how to accomplish this.

**Poster session**
On May 8 you must present the work you have done on your project at the School of Information Open House Poster Session. Traditionally this is done with a printed poster affixed to a 24 x 30" poster board, but you are welcome and encouraged to explore other options.

**Completed evaluation form**
This must be completed and signed by your field supervisor and submitted to the course instructor no later than May 8.

**Course Schedule (tentative, not all dates confirmed)**

January 22
Introduction; course requirements; project overviews

February 19
Marketing your skills. Guest speaker: Tara Iagulli

March 12
Practical instruction in designing and creating an electronic portfolio. Guest speaker from IT lab.

April 23
Review and practice for poster session

May 8
Poster session
